

# Environmental Assessment Officer

The Mackenzie Valley Environmental Impact Review Board (Review Board) has an immediate opening for an Environmental Assessment Officer in Yellowknife, Northwest Territories.

**Job description:** Reporting to the Manager, Environmental Impact Assessment, as the Environmental Assessment Officer you will be responsible for working closely with the Review Board and its stakeholders in planning, facilitating and conducting environmental assessments of proposed developments.

**Requirements and qualifications:** You should have an undergraduate degree in science, environmental engineering, environmental management or geography (human or physical), a thorough understanding of environmental impact assessment and a minimum of three to five years of experience in environmental impact assessment. A related Master's degree is preferred.

Please consult the job description posted on the Review Board's website for a complete list of duties associated with and qualifications required for the position.
