## **REQUEST FOR PROPOSAL**

### **Central Wopmay Magnetic and Radiometric Survey PM004709**

**- Yellowknife, NT -**

The Northwest Territories Geoscience Office (NTGO) seeks a qualified proponent to conduct a digitally recorded, high sensitivity magnetic and radiometric survey in the central Wopmay orogen, Northwest Territories, and to compile and package the acquired data into digital line and grid archives and gridded, contoured maps. The same proponent will also increase the technical capacity of the NTGO to evaluate the acquisition and processing of airborne magnetic and radiometric data.

For more information and to obtain a copy of the Terms of Reference, contact the Contracts Manager.
