

Bernice Mary Cockney November 8, 1958 - July 26, 2006

On July 26, 2006 our world was changed forever. We lost a loved one, mother, wife, sister and daughter. It was so sudden, no time to say the right words or goodbyes. A mother and wife so dearly missed in every way. So lonely, so quiet, so missed. So many tears, so alone, wishing to hold you again. Time stands so still, so slowly, so lonely. I close my eyes to say a prayer for you and everything is okay. You are now an angel watching over us. When there are hard times, I close my eyes and say a prayer, you take the pain away. So little time together, so much laughter, fun and best of all, love, all the memories that we will hold in our hearts forever. A faint ray of love breaks through our aching hearts. A rainbow appears, the sky grows brighter. Beneath our feet, the splatters of love fill our aching hearts. As the gates of Heaven open for you, a new life begins for you: as we begin our lives without you, the aches and pain will always be there. In time, we will go on without you, but the love will always be in our hearts.

Rest in Peace my mother, wife, sister and daughter.

**Forever remembered and greatly missed.
Love your family, sisters, brothers and mother.**
